

U.S. Patent No. 6,504,928  
(Toyooka)

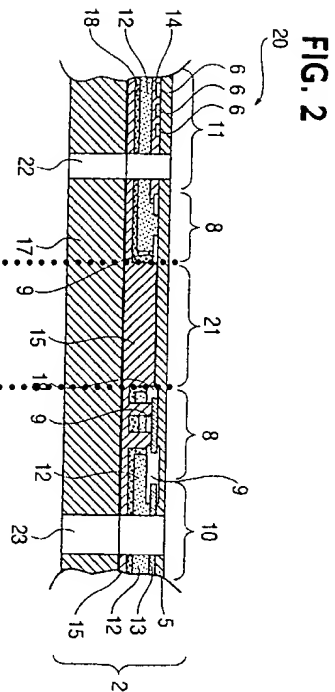

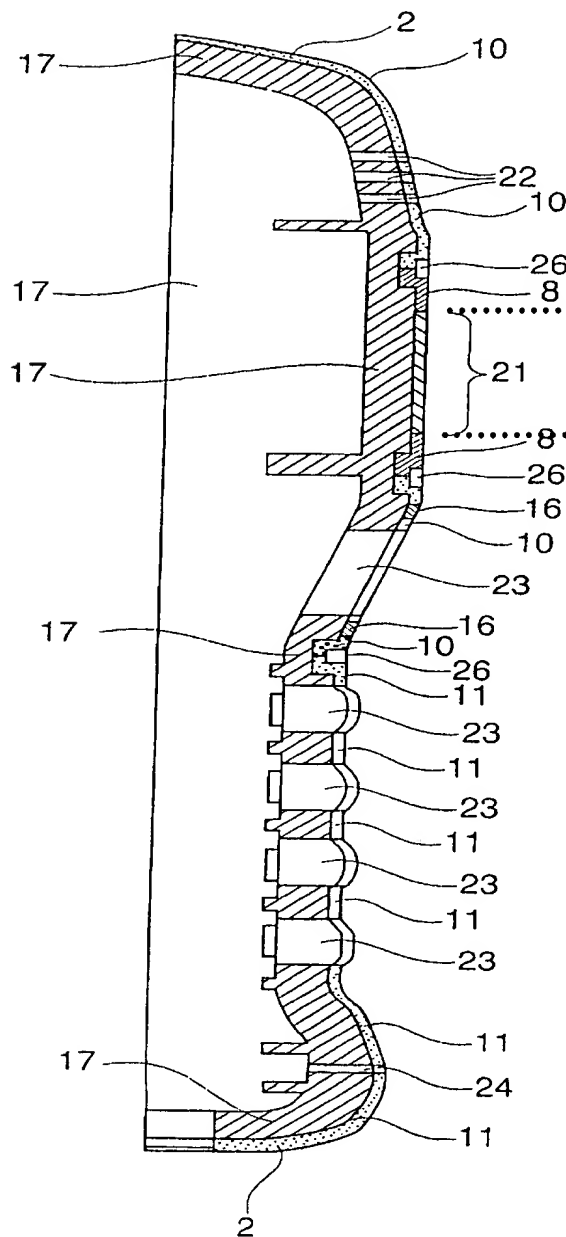

FIG. 5

- 1 Foil decorating layer
- 3 Base film
- 6 Symbol layer
- 8 Black color-hiding portion
- 15 Adhesive layer
- 17 Transparent molded article
- 21 Transparent display window
- 22 Voice output through-hole
- 23 Push button through-hole

U.S. Patent No. 6,504,928  
(Toyooka)

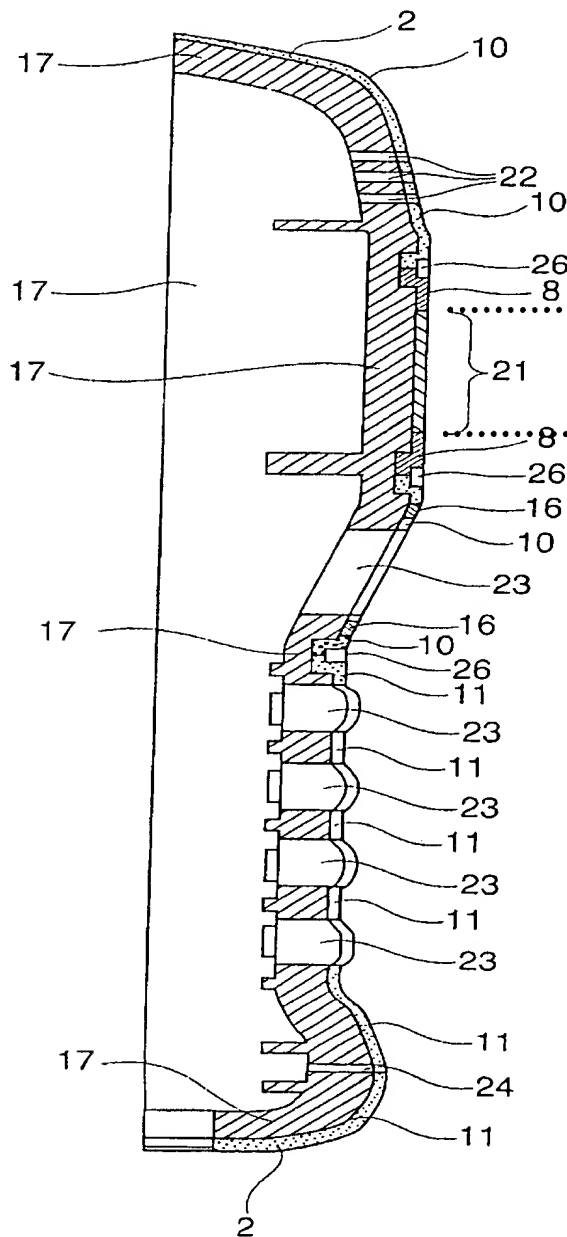

**FIG. 5**

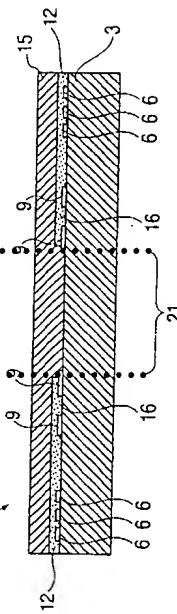

- 1 Foil decorating layer
- 2 Transfer layer
- 6 Symbol layer
- 8 Black color-hiding portion
- 15 Adhesive layer
- 17 Transparent molded article
- 21 Transparent display window
- 22 Voice output through-hole
- 23 Push button through-hole

U.S. Patent No. 6,504,928  
(Toyooka)

**FIG. 5**

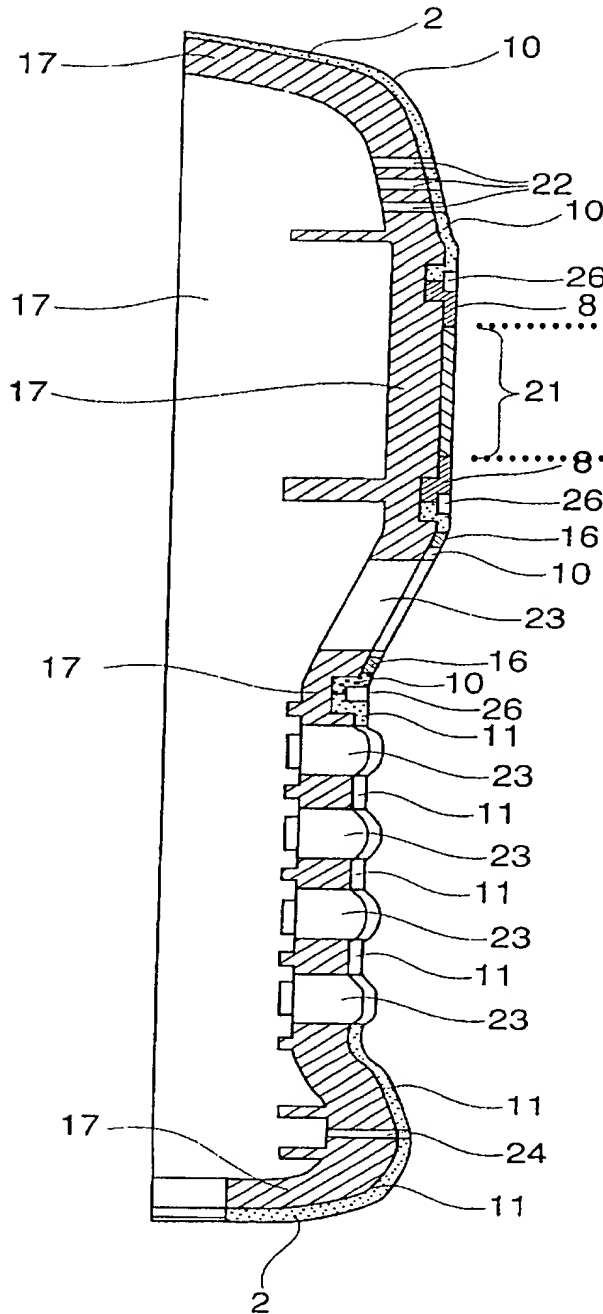

**FIG. 3**

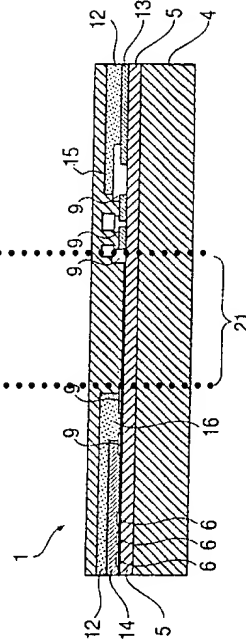

- 1 Foil decorating layer
- 6 Symbol layer
- 8 Black color-hiding portion
- 12 White color-hiding layer
- 15 Adhesive layer
- 17 Transparent molded article
- 21 Transparent display window
- 22 Voice output through-hole
- 23 Push button through-hole

U.S. Patent No. 6,504,928  
(Toyooka)

**FIG. 5**

**FIG. 4**

- 4 Peelable base film
- 5 Surface protective layer
- 6 Symbol layer
- 8 Black color-hiding portion
- 12 White color-hiding layer
- 15 Adhesive layer
- 17 Transparent molded article
- 21 Transparent display window
- 22 Voice output through-hole
- 23 Push button through-hole
